ENG Form 4345  
(In Trip)

  
JOHN W. BRENNAN  
COL, GS  
Director, Plans and Analysis

USEPA SF

1212949

11. Date activity is proposed to commence. November 1975

Date activity is expected to be completed. April 1975

12. Is any portion of the activity for which authorization is sought now complete? Yes ☐ No ☒

If answer is "Yes" give reasons in the remarks section. Month and year the activity was completed \_\_\_\_\_. Indicate the existing work on the drawings.

13. List all approvals or certifications required by other Federal, interstate, state or local agencies for any structures, construction, discharges, deposits or other activities described in this application.

Issuing Agency	Type Approval	Identification No.	Date of Application	Date of Approval
WA State DOE	SLMP		Sept 1975	

**\*SLMP to be applied for by Port of Seattle**

14. Has any agency denied approval for the activity described herein or for any activity directly related to the activity described herein? Yes ☐ No ☒ (If "Yes" explain in remarks)

15. Remarks (see paragraph 3 of Permits Pamphlet for additional information required for certain activities).

**Blk. #7**

**Proposed use: Other, Federal dredging for removal of hazardous material.**

16. Application is hereby made for a permit or permits to authorize the activities described herein. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities.

JOHN W. BRENNAN  
COL., GS

Director, Plans & Analysis

U. S. Army Materiel Command

  
Signature of Applicant

18 U.S.C. Section 1001 provides that: Whoever, in any manner within the jurisdiction of any department or agency of the United States knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact or makes any false, fictitious or fraudulent statements or representations or makes or uses any false writing or document knowing same to contain any false fictitious or fraudulent statement or entry, shall be fined not more than \$10,000 or imprisoned not more than five years, or both.

The application must be signed by the person who desires to undertake the proposed activity; however, the application may be signed by a duly authorized agent if accompanied by a statement by that person designating the agent and agreeing to furnish upon request, supplemental information in support of the application.

If the activity includes the discharge of dredged or fill material in navigable waters or the transportation of dredged material for the purpose of dumping it in ocean waters, the application must be accompanied by a fee of \$100 for quantities exceeding 2500 cubic yards and \$10 for quantities of 2500 cubic yards or less. Federal, State and local governments are excluded from this requirement.

# APPLICATION FOR A DEPARTMENT OF THE ARMY PERMIT

One set of original drawings and two copies which show the location and character of the proposed activity must be attached to this application (see sample drawings and checklist).

1. Application number (To be assigned by Corps).

2. Date.

3. For official use only.

09 Sept 75  
Day Mo. Yr.

4. Name and address of applicant.

Commander General  
U. S. Army Materiel Command  
ATTN: AMCPA-E (Major Goff)  
5001 Eisenhower Avenue  
Alexandria, Virginia 22333

Telephone number (202)-274-9469

Social Security No. N/A

5. Name, address, and title of applicant's authorized agent for permit application coordination.

Seattle District, Corps of Engineers  
P.O. Box C-3755  
Seattle, Washington 98124  
ATTN: Robert E. Parker

Telephone Number (206)-764-3400

6. Describe the proposed activity, its purpose and intended use, including a description of the type of structures, if any, to be erected on fills, or pile or float-supported platforms, and the type, composition and quantity of materials to be discharged or dumped and means of conveyance.

Dredging to remove Polychlorinated Biphenyl (P.C.B.) contaminated material from Duwamish Waterway with upland disposal on Kellogg Island. Dikes shall be constructed from on-site or barged-in material. Approximately 50,000 c.y. of sands and silts will be removed using a pipeline dredge.

7. Proposed use.

Private ☐

Public ☐

Commercial ☐

Other ☒ (Explain in remarks)

8. Name and addresses of adjoining property owners whose property also adjoins the waterway.

SOUTH: General Services Administration  
ATTN: David L. Head  
G.S.A. Center  
Auburn, Washington 98002
